

Corporate Sponsorships

Women in Science Portland

About WIS PDX

Women in Science Portland is a 100% volunteer-driven 501c3 non-profit organization founded in 2012. Our mission is to build an empowered workforce by providing connection, community, and career development in STEM.

Benefits of Sponsorship

Demonstration of social responsibility aligned with your company's DEI goals.

A corporate sponsorship offers company visibility across WIS virtual platforms and at events and direct access to over 1,000 STEM professionals for company growth and development.

Promotion of job listings and internship opportunities to our highly qualified membership.

Additional sponsorship opportunities for specific events and flexible benefits for annual sponsors.

OUR STORY

In 2012, a small group of women scientists founded Women in Science Portland (WIS PDX) with the goal of building a community of supportive networks for the development, retention, and promotion of women in science and technology related fields. Since then, WIS PDX has made a significant impact in the local science community by fostering a safe and inclusive network that leans on the commitment of its community to grow.

OUR IMPACT

1. Host networking, skill-building, and educational events **reaching a diverse group of over 300** STEM professionals annually
2. Launched a **scholarship program in 2018 that has awarded over \$19,200** for professional development, engaging girls and youth in STEM, science communication training, and efforts to increase diversity to date. Over 100 graduate students supported with professional development scholarships!
3. Offered **15 cohorts** of our highly-regarded Negotiation Bootcamp series and launched a sister-series Leadership Bootcamp in 2024.
4. Developed a **membership of over 1,000 local STEM professionals**
5. **Advocacy initiatives developed over 35 resources** to empower survivors and normalize breaking the silence
6. **Successful outreach programming and partnerships** with OMSI, Saturday Academy, Oregon Brain Institute, Girl Scouts of Oregon, Girls Inc, OHSU BMES, and VertueLab
7. **Implemented the first parental leave policy** for graduate students and established prenatal lab safety guidelines for lab workers at OHSU
